Delphi Corp Case # 05-44481 filed October 5, 2005

Document # 14705 to cancel OPEB (health insurance benefits) for all retirees

Dear Judge Drain:

This letter is to express my concerns with Document #14705 filed by Delphi Corporation on February 4, 2009 asking the court to cancel health insurance benefits (OPEB) for over 15,000 people who are retirees of Delphi Corporation.

Please note that this letter is an OBJECTION to that document and file it as a motion to object to document #14705.

I have been retired for 5-1/2 years. This proposal of eliminating our healthcare is very painful to me. But I am more concerned about several of my fellow works, who just recently were forced into retirement (only 53 & 54 yr. old) who will be devastated by the elimination of healthcare. I only have three more years to struggle with the high cost of healthcare, but my fellow workers have 13 & 14 yrs. This is not what the Corp. promised us when retiring. For 15 years we have paid for 25% of our healthcare cost, I currently pay \$196 per month. The Corp. has never approached the hourly work force to do the same. Another example, COLA was taken from the salaried work force 20 years before I retired and it was never taken away from the hourly workers. Why – because the union would shut the corporation down in a minute, if they tried to do that to their workers.

All we are asking for is a fair & just settlement. What is done to the salaried worker's, should and must be done to the hourly workers. You are the only one left to fight for us !

I ask you to REJECT this motion.

Sincerely yours,

Another point I would like to make: Who is responsible for this mess? I worked for 27 years for GM and 4-1/2 years for Delphi. This means I worked 86% of my working life with GM and only 14% at Delphi. Now, Delphi wants to take away our promised benefits! Doesn't GM and the hourly work force need to participate in this healthcare issue.

I hope and pray that the Lord gives you the wisdom and courage to say **NO** to this unjust request. If you say yes, you will let GM and Delphi off the hook and open the door for all other corporations to follow suit!!!!

I ask you to REJECT this motion.
